RESTRICTION REQUIREMENT

Restriction to one of the following inventions is required under 35 U.S.C. § 121:

I. Claim 1, a device, classified in Class 257, subclass 66.

II. Claims 2-17, drawn to a method of making a device, classified in Class 438, subclass 149.

Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of the following can be shown: (1) that the process as claimed can be used to make other and materially different product or (2) that the product as claimed can be made by another and materially different process (MPEP § 806.05(f)). In the instant case, the crystalizing agent could have been any of the many available metals in the art. The amorphous silicon could even be first crystallized and transfered before prior to deposition on the insulation film.

Because these inventions are distinct for the reasons given above and as shown by the above different classifications, the fields of search are not co-extensive and separate examination would be required for examination purposes and the restriction requirement as indicated is proper.

Any inquiry concerning this communication should be directed to Fetsum Abraham at telephone number (703) 305,3793, or by E-mail at *fetsum.abraham@uspto.gov*.

Any inquiry of a general nature or relating to the status of this application should be directed to the SPE of AU:2826 at (703)308-6601, or the Group receptionist at (703) 308-0956.

Fetsum Abraham

UNITED STATES DEPARTMENT OF COMMERCE Patent and Trademark Office

ASSISTANT SECRETARY AND COMMISSIONER OF PATENTS AND TRADEMARKS Washington, D.C. 20231

Dear United States Patent and Trademark Office Customer:

Quality and Customer Satisfaction are important to Technology Center 2800.

Technology Center 2800 has taken continuous quality improvement steps and efforts to ensure that the accompanying correspondence meets high quality standards, and focuses on good customer service. It is important to us that you are satisfied with the services we provide.

If the contents of the attached correspondence have any clerical omissions, e.g., missing references or pages, illegible text, or any other clerical errors, please contact us at the number below as soon as possible. We will take appropriate action to expedite the necessary corrections. Also, if you have general questions concerning any application assigned to Technology Center 2800, including status inquiries, please contact our Customer Service Center. Of course, questions concerning the merits of the application must be directed to the Examiner in charge of the particular application, then to the supervisor if appropriate.

TC 2800Customer Service Center Crystal Plaza 4-6th floor, D-corridor

Customer Service Representative are:

Linda M. Hodge-Taylor

CP-4-6-D32

Wynette Stapor

CP-4-6-D30

Theodore Phillips

CP-4-6-D30

We are open to receive request for service in person, by phone 703/306-3329, or Fax 703/306-5515, from 8:30 am-5:00 p.m. each business day.

If the communication you have received has any technical or legal issues that raise concerns as to the quality and/or clarity of the Office action itself, we invite you to contact the appropriate Supervisory Primary Examiner or one of our Quality Assurance Specialists.

Quality Assurance Specialists:

Paul Dzierzynski

703/308-4822

Don Hajec

703/308-4075

Attention: Policy on Returning Telephone Calls

A USPTO-wide customer service standards states that if a USPTO employee being called is not available they will return your calls by the next business day, or, if you request, an alternate point of contact will be provided. Technology Center 2800 is committed to meeting this service standard. If you have called any employee in our Technology Center and have not received a return phone call within one (1) business day or have not been provided another point of contact, please contact our Customer Service Center at 703/306-3329. We ensure that you will receive a return phone call, from an employee with the ability to assist you, within four (4) business hours of this contact.

Any matter not satisfactorily resolved by the listed resources should be brought to the attention of the appropriate Director listed below.

We appreciate your assistance in helping us help you.

Directors, Technology Center 2800 Semi-conductors, Electrical, Optical Systems & Components
